

FEATURES & BENEFITS

-  insulation mats made of high-grade rubber, with anti-slip fluting
-  must be attested for use; our company provides attestation
-  designed for lining floors to protect workers from electric shock - at electrical equipment with voltage up to 17kV AC or 25.5 kV DC

LOGISTIC DATA

Type	DE 20KV / 0,75x0,75
Index Ergom	E06NR-03290100101

ELECTRICAL DATA

Dielectric strength [kv]	20
Thickness g [mm]	4,5
Thickness r [mm]	2

DIMENSIONS

Length [m]	0,75
Width [m]	0,75
